Southern Illinois University

- * Graduate class of 1983
- * Bachelor of Sciences degree – major Biology, minor Chemistry
- * Graduated in Dean's College
- * Teaching Assistant Anatomy, Physiology
- * Research assistant – Physiology

Southern Illinois University School of Dental Medicine

- * DMD degree 1997
- * Awarded Xi Psi Phi certificate for highest fraternity class rank
- * Dentsply International Award for Excellence, fixed prosthodontics
- * Tutor in fixed prosthodontics and biochemistry
- * President of Interfraternity council

University of Louisville

Humana University Hospital, Wadsworth VA Hospital

- * General practice residency certificate
- * Rotations in hospital oral surgery, operating and emergency room dentistry
- * Completed rotations in anesthesiology and internal medicine
- * Advanced general dentistry training:
 - o complicated periodontal and oral surgery
 - o implant placement and restoration
 - o I.V. sedation
 - o ridge augmentation
 - o surgical and non-surgical endodontics
 - o face, jaw, and alveolar trauma
 - o comprehensive crown and bridge rehabilitation

Recent Publications

Over 20 clinical articles submitted for publication including

- * Assessing esthetic composite veneer placement via digital photography. *Practical Procedures and Aesthetic Dentistry*. June, 2007;19(5):6-13.
- * 10 steps to efficiency in endodontics. *Dental Economics*. April, 2007
- * Using quality digital photography to enhance dental skills. *Contemporary Esthetics*. June, 2006;10(6):38-47.
- * Using quality digital photography to build a great relationship with your laboratory. *Contemporary Esthetics*. July, 2006;10(7):26-34.
- * Smile rehabilitation with CAD/CAM veneers to correct rampant decay. *Practical Procedures and Aesthetic Dentistry*. August 2006;1(1) supplement 16-21.
- * Correction of congenitally missing lateral incisors with porcelain veneers. *Practical Procedures and Aesthetic Dentistry*. September, 2006;18(8):475-480.
- * Anterior CEREC CAD/CAM porcelain treatment of GERD eroded teeth. *Contemporary Esthetics*. December, 2006;10(12):32-39.
- * Efficient Conservative Treatment of Symptomatic Cracked Teeth" *Compendium of Continuing Dental Education*, February, 2006 February, 2006;27(2):93-103.
- * Efficient Correction of Endodontic Obturation and Single-Appointment CAD/CAM Restoration *Practical Procedures and Aesthetic Dentistry*, October, 2005;17(8):569-574
- * Immediate Definitive CAD-CAM Restoration of a Non-submerged Implant, *Compendium of Continuing Dental Education*, February, 2005;26(2):115-122.

- * Lighter is Better, Clinical efficiency with advanced bleaching techniques. *Dental Economics and Dental Equipment and Product Report*, June 2003. Current concepts, materials, and techniques with bleaching materials.
- * Practical Posterior Composites: Efficient Placement and Predictable Results. *Dentistry Today* February, 2003:112-115.
- * Compensation in dentistry – A Dental Economics Exclusive. *Dental Economics*, March, 2003. How to have an entire dental team that is compensated fairly but is worth more than they are paid.
- * Conservative Esthetic Treatment of Dark Necrotic Teeth. *Dentistry Today*, November 2002. Techniques to lighten dark necrotic teeth with internal power bleaching.
- * How to Profit from Bleaching – Predictable, Profitable, and Positive. *Dental Economics*, July 2002. Comparison of different bleaching systems and office organization to increase office efficiency.
- * If Mama ain't happy...ain't nobody happy. *Dental Economics*, May 2001. An discussion about ways to take care of out most important professional asset, out staff.
- * Seven most common lies about success. *Dental Economics*, March 2001. An article to reduce the desire of dentists to condemn other practitioners and to desire unity in the profession.
- * I Guess I have a Low-Tech Practice. *Dental Economics*, December 2001. Technology can never replace a kind, caring, and compassionate dental team.
- * I can't believe what I hear. *Dental Economics*, February 2001. Written to persuade dentists to focus more on the positive aspects of life and practice and to complain less about staff, patients, and other dentists.
- * Dumb ideas...for most practices. *Dental Economics*, December 2000. An article written to keep away from idealistic, often impractical ideas

Several other clinical articles pending publication.

Recent Presentations

Over 100 lectures in many different venues including the follow examples and topics

- * "Using digital photography to enhance dental skills" for the Academy of General Dentistry, Center for Advanced Restorative Dentistry, Greater New York Esthetic Study Group, Queens Dental Society, American Society for Dental Aesthetics, and others study clubs and esthetic groups.
- * "CAD/CAM restorations – from back to front" Academy of General Dentistry, American Society for Dental Aesthetics, and others
- * "Immediate Implant Loading with CAD/CAM CEREC Restorations" lecture for American Society for Dental Aesthetics, October, 2005
- * "Implant Restoration with All Porcelain Crowns" for St Louis Area Computerized Dentistry Study Club, September, 2005
- * "Efficient Quadrant All Porcelain Dentistry" lecture for St Louis Area Computerized Dentistry Study Club, May, 2005
- * "Restoration of Endodontically Treated Teeth Used CAD/CAM Correlation" St Louis Area Computerized Dentistry Study Club, January, 2005
- * "Design and Fabrication Principles for Anterior CAD/CAM Veneers" St Louis Area Computerized Dentistry Study Club, November, 2004
- * "All Porcelain CEREC Anterior Restorations with Staining and Glazing" St Louis Area Computerized Dentistry Study Club, September, 2004
- * "Efficient Preparation, Design, and Fabrication of All Porcelain CAD/CAM Restorations" St Louis Area Computerized Dentistry Study Club, January, 2005
- * "Digital Photography, PowerPoint, and Case Presentation" AGD Mastertrack program, St Louis University, November, 2003
- * Efficiency and Computerized Dentistry, Kentucky AGD, September, 2003, Austin Peay University; July, 2003 ASU, Phoenix, AZ
- * Clinical Efficiency with Computerized Dentistry, AGD, Nashville, TN, June, 2003
- * Digital Photography and Computerized Dentistry: St Louis, May, 2002; Kansas City, August, 2003
- * Efficiency in Clinical Practice; St Louis, February, 2003 – sponsored by Patterson Dental and Bender, Weltman, Thomas CPA
- * Missouri Academy of General Dentistry; St Louis, April, 2002 – "Advanced posterior restorative techniques", CEREC Quality Dentistry
- * Bender, Weltman, Thomas annual lecture; St Louis, MO, October, 2001 – "Efficiency in Dental Practice – Reducing overhead with practice management"
- * Patterson Dental lecture; St Louis, MO, January, 2002 – "Efficiency in Dental Practice – Effective and Predictable clinical dentistry"
- * Table clinic at Hinman meeting, Atlanta, GA 1988 – "Rehabilitation of edentulous ameloblastoma patient using 8 mandibular root form implants"

- * Table clinic at Midwinter meeting, Chicago, Il 1987 – “Complete maxillary rehabilitation for congenitally missing teeth”
- * Various lectures for Patterson Dental on anterior and posterior CEREC restorations
- * Various study club and other dental presentations teaching efficiency in posterior porcelain restorations, composites, practice management, and orthodontics in general practice.

Extracurricular Activities

- * President of Greater St Louis area Computerized dentistry and CEREC study club
 - o In office tutoring of CEREC techniques
 - o Over the shoulder demonstrations of CEREC features, use, and integration into a busy general practice
 - o Teacher and organizer of Computerized dentistry study club
- * Fellow in the Academy of General Dentistry and head of MasterTrack CE program for Missouri Academy of General Dentistry
- * Lectures and teaching of study clubs and of other dental staff. Titles include:
 - o *“Digital photography to increase dental skills”*
 - o *“Advanced posterior esthetic restorations – CEREC and composites”*
 - o *“Trying to have an Ultra-Efficient Practice”*
 - o *“Predictable Modern Materials and Methods”*
 - o *“Overhead Control in General Practice”*
 - o *“Posterior Composite use in Orthodontic Practice”*
- * Rockwood School District guest speaker: Junior Achievement Instructor, Middle School guest lecturer on Microbiology, elementary school speaker for National Dental Health Month. Meremec Valley High School annual lecture to seniors interested in health care careers

Biography:

“Dr Jack Griffin has maintained a fulltime practice in St Louis county Missouri since 1988. In a very busy practice, he and his staff have consistently maintained a 50-55% overhead for 15 years emphasizing cosmetics while doing all phases of dentistry. He considers it an honor to have helped teach many dentists digital photography, practice management, CEREC and dental technology. He has been blessed to be surrounded by those to help make the dental experience rewarding.”
